STELLA-LOREEN aka Maya Reale has been working with Popshop for more than 10 years. She was born in Sicily/Italy and grew up in Zurich. By profession she's a graphic designer and art painter. She was involved in several projects with Popshop, one of them was her special appearance together with her sister in the videoclip «Role Model».

On the Popshop album «The Distance between us» she is the voice of «Paranoia City», a song with a charismatic deep atmosphere. The international press was impressed and compared her with artists like Anne Clark. In 2004, one year later, Stella-Loreen worked on a Remix together with Popshop for the international singer/songwriter Stephan Eicher.

End of 2005 the new Popshop album «Connection/Lost» appeared worldwide via Raygun/iTunes. On this release you'll find five innovated and catchy tracks with vocals by Stella-Loreen. Check it out in the iTunes Music Store worldwide.

By the way: Her impressive live performances with Pophop in Hamburg (Click) and Konstanz (Neuwerk) are still unforgotten.

Now it's time for the first full length album called «Trust» by Popshop + Stella-Lorren which will be released in October 2007 on the Alpinechic label. Amazing songs like «Lies» give you a good impression about our current music and vocal style. You can get these twelve tracks in 250 mp3 online-shops worldwide.
